*** Includes Grand Cherokee

***NOTE:** This list records the make and model year of vehicles stolen in BC from January 1, 2006 to December 31, 2006. All vehicles, whether they appear on this list or not, are at risk of theft. To help protect your vehicle, it's worth investing in the best anti-theft system you can afford. Electronic immobilizers are effective in preventing theft and can qualify vehicle owners for a discount on car insurance. But no anti-theft device is foolproof. For more information on anti-theft devices, go to www.icbc.com.

Avoid the buildup of old insurance decals when applying new ones • Lock your vehicle • Don't leave anything in your vehicle • Invest in a good anti-theft device

Look for a well-lit, open area, near pedestrian activity if you're parking outside • Be sure to watch the door close each time you leave or enter secure parking areas
